

DEAN A. BEERS, CLI, CCDI

Nomination for NRA 2018 Board

"I firmly believe our Rights are for all to lawfully and responsibly exercise, or not, without interference from any person or entity."

"I firmly believe the NRA is the strongest and most important organization protecting our rights - not just our 2nd Amendment."

MEET DEAN A. BEERS, CLI, CCDI

I am a Constitutional conservative capitalist, and self-employed business owner in legal investigations since 1987, and expert consultations since 2010. Today, I desire to bring these skills and experiences to the NRA Board and members.

I come from a long family history of NRA members. I first joined some time before the age of 10; although a lapse in my membership, I have been a Life Member since late 2001. Both me and my Wife are proud Endowment Life Members.

I have been a proponent and advocate of responsible firearm ownership, safety and rights all of my life. I believe 'gun free zones' are the most dangerous places a person can be - whether in their hearts, minds or a physical location.

In 2013 I wrote a book, *"Beers With Our Founding Fathers"* about the history and direction of our Country. Having completed my terms on multiple professional association boards, I am now focusing on my commitment to be part of the growing need to protect our freedoms as a civilian and Patriot. I presently have a book on our Second Amendment pending to be finished this summer.

After asking my Wife about her thoughts, she gave me her full support - something that is very important.

WHAT IS MY EXPERIENCE?

I have been in business going on 30 years - since October 1987 - as a legal investigator, as well as an expert consultant.

With my Wife, we provide legal investigations and expert consultations in civil, criminal and probate litigation in personal injury, negligence and death.

I have been actively involved in professional associations since 2008 - from state associations to national and international associations. In these associations, I have served many functions, which have also prepared me for my desire to represent you on the NRA Board;

- Past VP of Membership and Board Chairman of our state association for our investigative and security professions;
- Current committee membership for a renowned professional certification and also Chair of the legislative committee of the largest

- national association of our investigative and security professions;
- Current Board Chairman, immediate Past President, past Vice President (3rd through 1st), past Secretary, and past Regional Director of the largest national association for federal legislative advocacy of our investigative and security professions;
- Current Governor and past Ambassador of the largest international association of our investigative and security professions; and
- Currently serve on other advisory boards and committees of specialized associations for our investigative and security professions.

DEAN A. BEERS, CLI, CCDI

Nomination for NRA 2018 Board

*"I firmly believe in each of our rights - individually and as a whole - they are unalienable.
It is our responsibility to support and defend them."*

WHY THE NRA AND NRA BOARD?

For several years I have been greatly involved in several ways to further the best interests of our investigative and security professions.

I want to take that to the next level in being more, and significantly, involved in protecting our individual rights - as professional investigators and security officers, we have no significant voice on the board of the NRA. I want to be your voice. Can I get your help with this? I am a firm believer in our Country and Freedoms. I firmly believe the NRA is the strongest and most important organization protecting our rights - not just our 2nd Amendment.

WHY NOW?

My involvement in associations of our investigative and security professions has been fulfilling. I have been very fortunate doing what I love. Now, its time to turn that to the rights I love. I owe the NRA for its nearly 140 history protecting our civil and 2nd Amendment rights.

My strongest experiences are my experience with firearms, business owner, and serving our investigative profession through association boards and committees. This includes strong state and federal legislative and regulatory advocacy. I have spent nearly a decade in service to our investigative and security professions and now I want to do the same for you on the NRA Board. I firmly believe I am the right person to be part of something greater - an honor.

WHAT ARE MY GOALS?

I believe we have a duty to protect and preserve those unalienable rights and freedoms memorialized by our Founding Fathers. Our 2nd Amendment is the foundation and centerpiece. There is nothing personal for me to gain - in fact, such volunteering often comes with other personal and financial sacrifices - and has.

WHAT IS MY PURPOSE?

I want to represent you, and our freedoms, on the NRA Board.
